\*The apartments listed are willing to prorate the monthly rent based on number of days spent in unit. The price per summer is based on that daily rate (for 80 days).

\*\*For those who received signing bonuses, remember that the amount you receive with your first paycheck will be an AFTER TAX value. It is estimated that bonuses will be taxed at a ~28% rate. Keep this in mind when comparing Shocker Hall with apartment options. Those who select Shocker Hall will have their sign on bonus applied as payment for summer lodging.

\*\*\*Historically there has been a very low supply of available units at the east side apartments near Koch. The Remington and Villas at Waterford generally fill up very fast. You may contact them directly to put your name on the waiting list at any time.
